MINISTRY FOR RURAL AFFAIRS AND THE ENVIRONMENT

Rural Development Department

European Agriculture Guidance and Guarantee Funds (E.A.G.G.F.)

Structural Funds Programme for Malta 2004-2006

Measure 3.2: Improving the processing and Marketing of Agricultural Products

PROCESSORS of local agricultural goods, farming businesses, farmers' cooperatives, farm associations or groups of farmers adequately contracted to complete a collaborative project, who can demonstrate that they have adequate security of tenure on the land identified for the investment and have their business located within Malta. Under this measure, Producer Groups will be considered as eligible for market oriented investments, while establishment and running costs will be covered under the RDP Guarantee measure. This measure is aimed to;

- to guide production in line with foreseeable market trends or encourage the development of new outlets for agricultural products;
- improve or rationalise marketing channels or processing arrangements;
- improve the presentation and preparation of products;
- to facilitate the application of new technologies and innovation in the processing and marketing sector;
- bring the standards of products in line with EU hygiene requirements, or beyond these to meet tougher quality standards increasingly imposed by retail customers;
- encourage a decrease in dependence on natural resources such as water by improving the conservation, recycling and utility of renewable resources, e.g. run-off water, by-products, and processing effluents;
- encourage the adoption of adequate environmental standards, including waste minimisation strategies.

What types of investments are eligible?

- investments for improving quality, health, hygiene or environmental conditions;
- investments on processing plant and small-scale capital investment projects;
- investments in the preparation, grading, processing, packaging and presentation of products;
- facilitation, improvement and rationalisation of processing and marketing of agricultural products;
- contribution to increase the competitiveness and added value of products;
- adaptation of production in line with foreseeable market trends or encouraging the development of new outlets for agricultural products;
- improvement in the presentation and preparation of products or encouragement of the better use or elimination of by-products or waste;
- development and application of new technologies and innovative investments;
- feasibility studies for penetrating new markets and general costs such as architect's, engineer's and consultant's fees for business plans.

Process of Implementation

- The Rural Development Department will produce a standard application form and a call for proposals will be issued;
- Applicants then submit their plans to the Department;

A Rural Development Team will:

- Check the proposals against the Mandatory and Selection Criteria and award a score based on all the criteria;
- Decide which proposals can be funded as a result of the score.

Financial Provisions and Investment Support

The maximum investment support under this measure, expressed as a percentage of the volume of eligible investment is limited to a maximum of 50% with the other 50% being private contribution.

The higher threshold for eligible project size has been set to Lm100, 000 per applicant while the lower threshold for an eligible project will be of Lm500 per applicant. This does not mean that project size cannot exceed Lm100, 000, however in such cases the excess costs must be borne solely by the applicant and the grant cannot exceed Lm50, 000.

Payments of eligible costs shall be carried out upon project completion and the applicant must support his claim with dated legible invoices/receipts in which should be clearly stated the net amount/cost, the VAT and the grand total. Invoices not bearing a VAT number will not be considered and payments for that part will not be eligible.

The approximate amount of support from EAGGF and the National contribution for this Measure is provided in the financial table below:

Period 2004-2006

Public Cost of Measure	EAGGF Contribution	Percentage of EU Contribution	Malta Government Contribution	Percentage of Malta Government Contribution
Lm 988,923	**Lm 692,246**	**70%**	**Lm 296,676**	**30%**

The funds allocated for each annual commitment shall be approximately as follows;

Year	EAGGF Contribution
2004	**Lm 391,574 (allokati)**
2005	**Lm 597,348**

Commonwealth Scholarships 2006 - 2007
(Canada)

Under the Commonwealth Scholarship and Fellowship Plan, the Commonwealth Scholarship Commission in Canada is inviting us to nominate a number of Maltese candidates who are interested to pursue postgraduate studies for scholarships tenable during the academic year commencing in September 2006. In respect of these scholarship awards, the Canadian Scholarship Commission has emphasised the following factors:

1. The normal minimum requirement for consideration for a Canadian Commonwealth Scholarship is an Upper Second Class Degree.

2. Each applicant must submit 8 (1 original and 7 copies) complete applications, accompanied by:

a. Eight copies (1 original and 7 copies) of the academic records. It is very important for the academic records (transcript) to list the subjects passed and the grades of pass in each subject. Academic records excluding such information cannot be assessed by the Board.

b. Only one copy of a certified birth certificate attached to the first (original) application.

3. Any application submitted without the complete documentation will not be eligible for consideration.

4. There is no upper age limit for nominations for Canada awards. However preference is given to applicants who have obtained their last degree within the previous five-year period.

5. No awards will be made to undertake undergraduate studies, a second doctoral degree, studies in medicine or dentistry, postdoctoral studies/research, clinical training, an MBA programme, or any other academic programme not publicly-funded.

6. Previous Canadian Commonwealth Scholarship recipients are not eligible for a second award.

7. Candidates applying for a Canadian scholarship are advised that Canadian universities may require, for the purpose of admission, tests such as TOEFL, GMAT and GRE. Candidates are strongly encouraged to take any applicable test while the application is under consideration. Failure to do so can jeopardise the placement of candidates in universities and may result in the cancellation of a scholarship offer.

Further details about these scholarships are obtainable from the Customer Care Unit, Ministry of Education, Floriana.

Applications should be submitted on the appropriate forms, which can be obtained from the Customer Care Unit, Ministry of Education, Floriana or from the Education Office, Victoria, Gozo. These applications should reach The Customer Care Unit, Ministry of Education, Floriana by not later than Friday 11th October, 2005.

Applications will not be considered unless three (3) letters of appraisal on the official form are received by the Board. It is desirable that appraisers should be persons under whom the candidate has studied or worked. It is a must that you inform the appraisers that they are to send the appraisal forms directly to The Secretary, Commonwealth Scholarship and Fellowship Board, Ministry of Education, Floriana, Malta, in the enclosed envelopes. Otherwise appraisals will not be considered. When candidates are selected as nominees they will be requested to obtain from each of their appraisers a Letter of Recommendation (besides the letters of appraisals as submitted with the original application).

Government and Parastatal employees should consult relevant Public Service regulations before applying for these scholarships. Selected candidates will be required to sign an undertaking to return to Malta on completion of their studies and to be available to work in Malta.

Late applications will not be considered.
