Architect's Valuation (original in Maltese)

Land in the limits of Żabbar/Kalkara

I have been instructed by the Commissioner of Land to assess under the Land Acquisition (Public Purposes) Ordinance, the freehold value of the hereunder described property at Żabbar/Kalkara, required by Government for a public purpose, and this after considering the locality, as well as other matters relevant ot the same property.

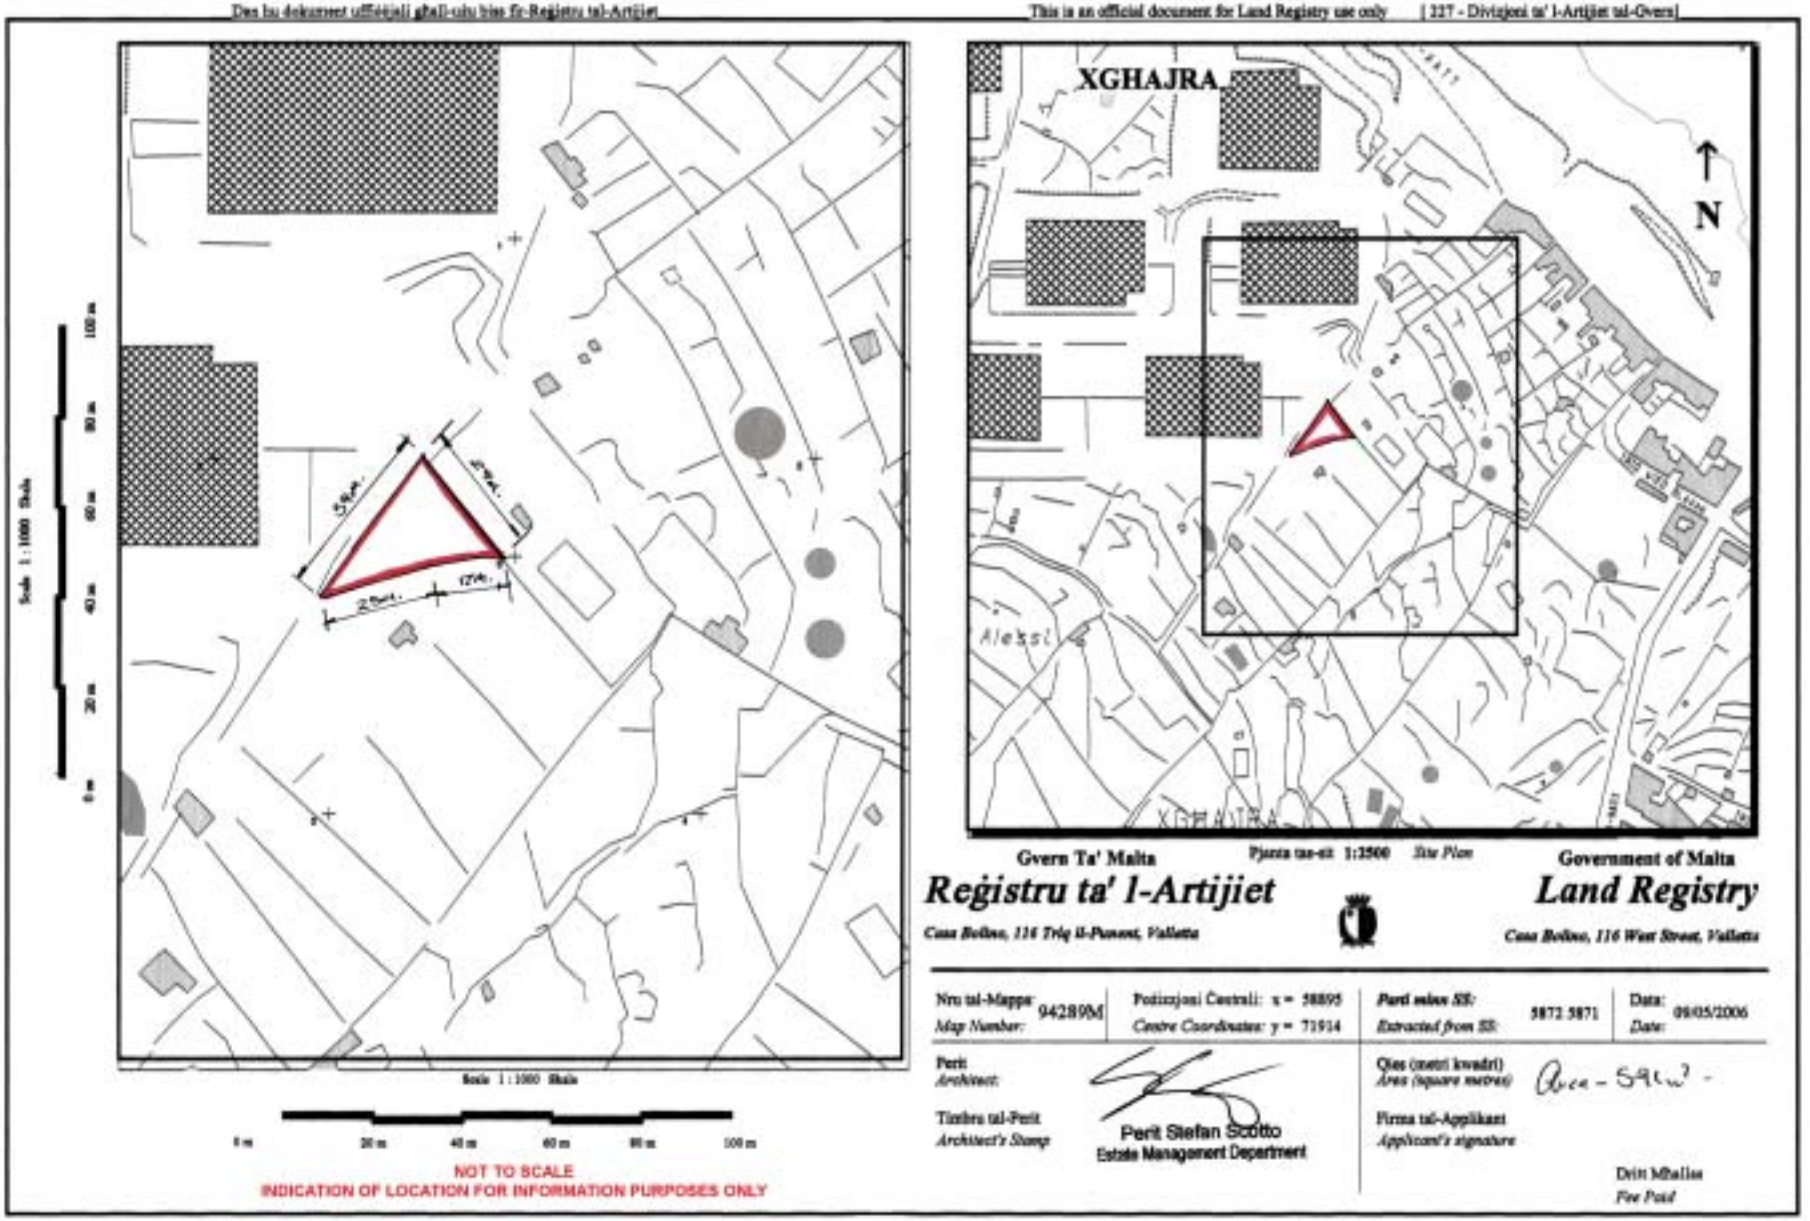

A plot of land measuring about 591 square metres, including a semicircular stone-wall on the same property, bounded on the North East by property of Michelina Darmanin, on the North West by property of Joseph Debono and others and on the South East by the remaining property of Rosaria Bonnici, which land is considered as agricultural land in terms of the Land Acquisition (Public Purposes) Ordinance and is shown in yellow and indicated as plot 11 on plan L.D. 65A/77/A, and is valued for the price of two thousand, nine hundred and ninety Maltese Liri Lm2,990 (€6,964.83).

Whereas it has resulted that the undividied half of the same land already expropriated has been acquired by means of a contract in the acts of Notary Vincent Miceli dated 16.12.1992, the same revaluation should cover half the undivided value and therefore the due compensation should be for the amount of one thousand, four hundred and ninety five Maltese Liri Lm1,495 (€3,482.41).

(Sgd.) Architect Fred H. Valentino A.&C.E.

This evaluation is to substitute the preceeding evaluation by Architect Francis Spiteri dated 26th January, 1979 as regards plot 11.
