Explanatory Notes

1. Introduction

Title of Regulations	Restriction of Use of Hazardous Substances in Electrical and Electronic Equipment (Amendment No. 2) Regulations, 2024 (hereinafter referred to as the "amending regulations")
Activity to be regulated	The restriction of the use of certain hazardous substances in electrical and electronic equipment
Responsible entity	The Technical Regulations Division (TRD) within the Malta Competition and Consumer Affairs Authority (MCCAA

2. Summary and background

2.1 Aims & Objectives of the legislation.

Directive 2011/65/EU lays down rules on the restriction of the use of hazardous substances (RoHS) in electrical and electronic equipment (EEE) with a view to contributing to the protection of human health and the environment, including the environmentally sound recovery and disposal of EEE waste.

Directive 2011/65/EU applies to eleven different categories of EEE, listed in Annex I to that Directive.

Member States are to ensure that EEE placed on the market shall not exceed the maximum concentration values on the restricted substances as listed in Annex II of that Directive. However, while certain equipment is excluded from the scope of the Directive, as indicated in Article 2 thereof, a number of exemptions are granted, as listed in Annex III and Annex IV of the same Directive.

Information on Directive 2011/65/EU of the European Parliament and of the Council on the restriction of the use of hazardous substances in electrical and electronic equipment may be accessed through the following link:
